

Disciples Sunday School Information

- Ages 4 to 3rd Grade will learn using a method we call Faithful play, which includes story, hands-on activities and play.
- The daily routine is truly important in helping the children fully participate. We encourage parents to be arrive at church in time for children to enjoy play time before the lesson begins.
- **Children do not need to be picked-up.** The teacher will lead the group into the worship service when class is finished. Allowing children to re-join worship as a group brings closure to their experience.

9:45–10:10 a.m. Children may be signed-in and participate in Faithful Play.

10:10-10:20 Lesson and story

10:20-10:35 Hands-on activities and free play. Children who are Oblates – taking up gifts in church, now leave the classroom and stay in church with their parents.

10:35-10:45 Regroup, sing, pray and dismiss back to church

10:45-10:50 Teacher leads the children back into the worship service

- Please note, we do not try to time the end of class to a specific point in the worship service. Working with the schedule above brings consistency to the classroom experience whereas our worship service timing varies on a weekly basis.
- **Please, have your child keep their toys at home.** We want your child to fully participate in the activity and lesson we have prepared. For a child, separating from a favorite toy after they arrive in the classroom can be really difficult. We do not have space to store personal toys in our classroom. Our cubbies are for student work.
